## Dear Co-op friends,

Welcome to the 2015-16 Sportsmen's Catalog. Once again, you'll find a terrific selection of outdoor clothing, black powder accessories, duck hunting supplies, game calls and more.

Since 1945, Co-op has been Tennessee's most trusted name for farm supplies. Several years ago, we expanded our business to include the sportsman, with a top-quality line of hunting and outdoor products.

The Co-op approach is based on a unique marketing system. Co-op allows members who put in their time, money and goods to own part of the company and share in its financial success. However, you don't have to be a member to enjoy the benefits of the Co-op system. Co-op offers quality products for everyone.

Your local Co-op is proud to be a part of this system. Our reputation is built on exceptional products, honest prices and caring for our customers.

When you buy from Co-op, you get top-quality hunting and outdoor products. In addition, you get lots of old-fashioned, common-sense advice and friendly service. A knowledgeable, well-trained and dedicated staff stands ready to serve the needs of each and every customer.

We hope you enjoy this new catalog we have put together. Please peruse our selection of exceptional hunting products, make notes of the items you are interested in, then come in to your local Co-op and give us a try.

We appreciate your trust in Co-op. We personally promise that we will work hard toward maintaining a loyal relationship with you for years to come with great products and the best customer service.

**Good hunting.**

# ONE OF THE MOST TRUSTED RIFLESCOPES OF DEER HUNTERS.

The reinvigorated BUCKMASTERS II series offers the brightness and clarity of Nikon's fully Multicoated Lenses, as well as the generous eye relief, 100-yard parallax setting and Nikon's popular BDC reticle. If you're passionate about hunting deer, the BUCKMASTERS II is the right choice for your next hunt.

*Buckmasters riflescopes and other fine Nikon optics are available at your local Farmers Co-op.*

Available in 3-9x40 Matte BDC  
and 4-12x40 Matte BDC

#### Fully Multicoated Optical System

Fully Multicoated lenses boost light transmission for bright, high contrast views.

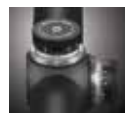

BDC Reticle

#### Extremely Bright Sight Picture

Allows for high-resolution images even when hunting in the least desirable conditions.

#### Patented BDC Reticle

The BDC reticle allows hunters to hold 'dead-on' at ranges exceeding those previously thought possible. The BDC's unique see-through ballistic circles offer an incredible advantage for long range shooting, yet allow a normal sight picture for shorter-range shots where the crosshair itself is the aiming point.

**Precise Hand-turn 1/4-inch @ 100 yds.  
Click Adjustments**

**Versatile Magnification Range**

**Generous, Consistent Eye Relief**

**Waterproof, Fogproof, Shockproof**

**SPOT-ON™**  
BALLISTIC MATCH | TECHNOLOGY

**OPTIMIZED**

Nikon is dedicated to quality, performance and total customer satisfaction. If your Nikon Binocular, Rifle scope or Fieldscope requires service or repair not covered by our Limited Lifetime Warranty, just send it to us and Nikon will repair or replace it. ## Blended Mineral & Food Attractants • Instant Mineral Licks

**Deer Cane**  
The habit forming beneficial mineral attractant that drives deer crazy. These highly active minerals react with moisture to release vapors that attract deer to supplement sites. Once activated, deer will lick, paw, urinate and eat the soil... consuming the needed minerals.

114821 GEL  
114005 BLOCK  
771509 LIQUID  
771507 POWDER

**"BLACK MAGIC"**  
A premium formulation of Deer Cane with more mineral & flavor attractants that require no mixing and begins instantly attracting deer.

1072140

**BUCK JAM—Instant Mineral Lick**  
Buck Jam is a juicy gel-like mineral lick that is jam full of sweet fruit flavor & minerals. Deer are attracted instantly to the site, where they will begin licking & enjoying the minerals at once. The intense aromas attract and are reinforced by a flavor that keeps deer coming back... time & time again! Buck Jam is the best of two worlds: a salt based mineral lick that will pattern deer into the area & a food bait attractant that uses the daily need of food/energy... to draw deer to it.

**Rack Up**  
A blend of Calcium, Phosphorus, Magnesium, Sodium & other minerals blended in with the beneficial attractants of Deer Cane to supply deer with nutrients... in a form they love to eat.

114800

**Stump Likker**  
Blended molasses and Deer Cane that react with moisture releasing vapors of minerals mixed with the sweet aroma of molasses. Pour it over a rotting stump and deer will come paw'n, knee'n, and lick'n that stump out of the ground.

114802

**Block Topper**  
An easy to use two (2) part attractant that reacts instantly on top of up to 50 pounds of salt or minerals... foaming the minerals & sweet molasses all over the site.

114002

**Flavored Mineral Blocks**  
Five (5) flavored blocks that provide beneficial mineral nutrients, saturated with the taste that deer crave. They'll lick-em up... until they are gone!

Apple Mineral Block—114007 Sweet Corn & Molasses Block—114009

• Triple Fin Intumescent Cold Smoke Expandable Seal

An average house fire burns at 1,100°F, Cannon fire protection tested at 1,200°F, within 8 minutes of the start of the test.

**Cannon Safe's internal temperature holds under 350°F**

**Burning Rate** Gold - 1,617°F | Paper - 451°F | PC data - 364°F | Wood - 350°F

## CANNON'S EXCLUSIVE FEATURES

**4" LOCKING BOLTS**  
Cannon full safe's Active Locking Bolts are each 4" long. By comparison, most competitive safe bolts are just 2".

**TOPLITE ELECTRONIC KEYPAD**  
Electronic keypad gives you quicker and easy access in a high stress situation.

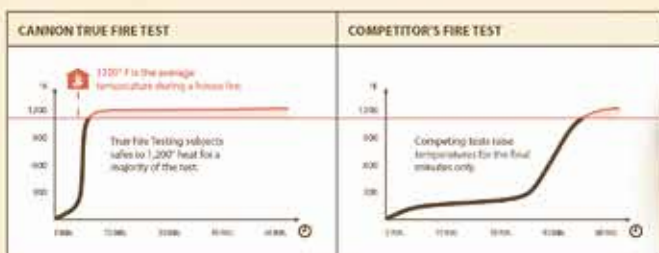

**CANNON'S TRIPLE FIN INTUMESCENT SEAL**  
Expands protecting your valuables from smoke.

**TRULOCK INTERNAL HINGES**  
For maximum pry-prevention and security, Cannon Safe's doors close behind the safe's body.

## ARCTIC ICE - ALASKAN SERIES

- Specifically designed to keep your beverages and perishables refrigerated all day or longer. The active ingredient is derived from plants – not petroleum. It is non-toxic, environmentally friendly and considering its re-usability, exceptionally economical.

## ARCTIC ICE - TUNDRA SERIES

- Designed at the molecular level so that it freezes at an impressive -15° C (+5° F). What's even more impressive is that its active ingredient maintains a consistent freezer temperature as it stubbornly thaws.
- Tundra Series is a portable, safe, and re-usable alternative ideally suited to replace dry ice.

## ARCTIC ICE - CHILLIN' BREW SERIES

- The active ingredient changes phases, or freezes, at a temperature just above the temperature liquid would freeze. This material manipulates the temperature of liquid to constantly remain even colder than ice. In fact, Chillin' Brew panels could possibly produce the coldest beverages in the entire world!

GEAR THE WAY YOU'D DESIGN IT™

# DOGS CAN'T TALK.

## SO WE GAVE THEM A VOICE.

THE ONLY TRACKING SYSTEM WITH VOICE UPDATES, sent right from the handheld. It tells me exactly what direction **PIKE & SAM** are headed, exactly how far away they are and how fast they're moving. I never need to look down or take my hands off the gun. Except to catch my breath.

## THE ALL NEW TEK 2.0 GPS TRACKING + E-COLLAR

— SPORTDOG.COM —

**HOPTEK**

Providing interference immunity resulting in superior range.

**VOICE**

Handsfree, realtime voice updates.

**TOPO**

Allowing terrain navigation based on elevation changes.

**GPS + GLONASS**

Increased accuracy by capturing data from both satellite constellations.

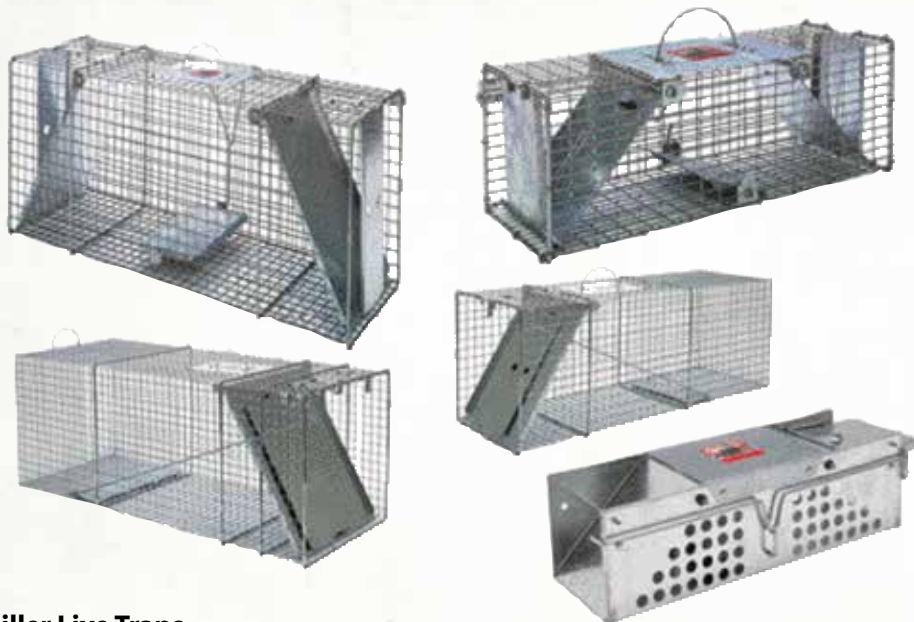

**DRYTEK**

Waterproof and submersible to 25 ft., per NEMA GP-5 IP67 standards.
